

# A European Conference on Solid State Nuclear Magnetic Resonance

*New concepts and  
applications*

## Scientific Committee

R. Tycko (Bethesda, MD), chairman  
S. Ashbrook (St Andrews, UK)  
A. Lange (Göttingen)

## Organising Committee

L. Emsley (Lyon / Lausanne)  
S. Caldarelli (Marseille / Gif-sur-Yvette)  
A. Lesage (Lyon)  
M. Bardet (Grenoble)  
S. Hediger (Grenoble)  
N. Giraud (Orsay)

## Address for correspondence

Alpine Conference Secretariat  
Centre de RMN à Très Hauts Champs  
5 rue de la Doua  
69100 Villeurbanne, France

E-mail address : [info@alpine-conference.org](mailto:info@alpine-conference.org)  
Tel: +33 4 26 23 38 75  
Fax: +33 4 78 89 67 61

## Second circular

If you would like to receive the second circular and registration form, please send us email.

## Information via Internet

Under the auspices of the Groupement Ampere and the International Society of Magnetic Resonance.

The 9th Alpine Conference  
on Solid-State NMR

Chamonix-Mont Blanc,  
France  
13-17 september 2015

---

**First announcement**

## **Aims and scope of the meeting**

The aim of the conference is to provide an international forum for high-level discussions to physicists, chemists, biologists and other scientists with both an academic or industrial background, interested in the latest developments in solid state NMR.

The meeting will focus on the state of art in theoretical and methodological developments, as well as on recent applications of solid state NMR in fields as diverse as: organic and inorganic chemistry, catalysis, structural biology, materials science and polymer science. Young scientists are particularly encouraged to participate.

## **Programme**

The programme will consist of plenary lectures and contributed communications, with one special session dedicated to young scientists, and two poster sessions.

In addition, a highlight special lecture will be delivered by an outstanding personality from a field outside NMR.

The meeting will focus on the following topics:

- A. Solid-State NMR Methods
- B. Applications to Biophysics and Biochemistry
- C. Applications to Physics and Chemistry

The following speakers have already accepted to participate:

- T. Polenova (Newark, DE)
- Y. Ishii (Chicago, IL)
- B. H. Meier (Zürich)
- H. Oschkinat (Berlin)
- M. Duer (Cambridge, UK)
- K. Schmidt-Rohr (Waltham, MA)
- G. de Paëpe (Grenoble)
- S. E. Hayes (St. Louis, MO)

## **Registration**

The second circular and the final program will be available early in 2015. The deadline for registration will be May 1st, 2015. Participation will be strictly limited to around 240. A number of student bursaries and travel stipends will be available.

## **Venue and accommodation**

All conference activities will take place at the conference center "Le Majestic", a converted turn of the century grand hotel, situated in the heart of the picturesque city of Chamonix Mont-Blanc. Chamonix Mont-Blanc is about 1 hour from Geneva airport and 2 hours from Lyon by car. Single and double bedroom accommodation has been reserved in comfortable hotels, close to the conference center.
